Little Speculation Being Done on the New York

Exchange.

STICK TO TRIED ISSUES

Practically All Buying Being Done Is in Investment Securities—Slight Reaction at Day's Close.

New York, Jan. 2—Securities are the girls of the Wall Street mill, but it is investment demand that winnews the chaff from the wheat, and the business of notes, high grade bonds and other investment securities that have stood the strain of previous months. This business is armall when compared to the machinery of the stock exchange, which is subments of by the operations of speculators.

Therefore devications of speculators.

over the general situation that might possibly force prices to a lemir level. This belief was indulged in the merity evers one of the but houses in the trade, and all of them sent out notices to their customers to set out notices to their customers to set out on the built or long side of the market around the powers prices. Those concerns advised the taking of profits where predits were realistic. This goes to show that there is a change in the feeling and that the recent advance was too long drawn but an five severe to stand the strain. Great Reitain was a big have of May wheat at Chicago today, and had it not been that long with moties were willing to severe them a much different story would be related here. Had the offerings been lightly foreigners would have hid prices to a higher another year. for significant sould have hid prices to a higher instead of declines of Ph to Tax for the day.

The New York market are firm, with deliveries exceeding until July 1.

The cotton markets all were strong today. Liver-pool futures closed steady with a net advance of 7 foundation.

The sale of the pool of pected that foreigners will come into the market for continued liberal quantities.

The provision situation was bearish because of the enormous run of hops, the receipts at the Western markets during this week being high, or record runs since January 11, 1998. Hogs at the jards were 5 to 10 cents lower and the selling of provisions by longs as well as the putting out of short lines was in evidence. The buring was almost wholly by those having profits. Cash trade in meats was only moderate, while the trade in lard meats was only moderate, while the trade in lard
